PROJECTS/ACTIVITIES

- **VEHICLE MANAGEMENT SYSTEM**

    Date NOV 2022

    Synopsis: In this project, we(team) made a vehicle management system for retailers so that they can effectively manage records of issued and rented Vehicles. We worked on python and used Tkinter GUI to make it more representable. Our GUI consists of a login page, and a separate section for rented and available vehicles. Each

vehicle has a different section like Car, Bike, Cycle, and Scooter. Each data is appended and updated in an Excel sheet.
